RE: G. Fisher Construction

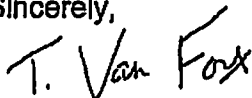

To Whom It May Concern,

G. Fisher Construction has provided a substantial amount of work to MHT Housing, Inc., a multi-family developer, over the past 20 years. They have successfully completed a number of extensive fire and rehabilitation projects for us, and we will not hesitate to continue to work with them in the future. G. Fisher Construction is consistently on budget and completes projects on schedule. They have exceeded our expectations time & time again with their performance, quality of work, and wisdom of the business.

Another reason we have continued our relationship with G. Fisher is the comradery and easy relationship we have with the members of the G. Fisher team. They are not only one of the best in the business, but they are also great people to work with.

MHT Housing, Inc. does recommend G. Fisher Construction to anyone looking for quality construction & renovation.

Sincerely,

T. Van Fox
